Dressing for the Weather

We all know that Michigan has very unpredictable weather. Please be sure your child is ready for the changes. Students will be outside for two recesses a day and they should be prepared with coats, hats and footwear that are appropriate.

We do expect that children will go outside during recess periods, unless the temperature is an actual 10 or the wind chill is -10.

Being dressed appropriately makes the recess periods a pleasant time to get some fresh air and "recharge the batteries" for another round of classroom learning.

We have already received notes to have students stay in during recess or noon hour. Our policy states that we believe it is very important that students have their outside recess time. There might be an unusual situation where a student needs to stay inside, but being outside does not cause illness.

When considering a request to allow a student to stay in for health reasons, please consider whether your child should really be in school or not. It might be better to stay home to avoid spreading the illness to other students.

ZPS Parent Survey

Parents, as part of our school improvement process we need feedback from you on a yearly basis to help us identify areas we can improve in as a school. We are hoping you will take a few minutes to fill this out. This year it's a very short survey and will only take a few minutes. If you have multiple students, please fill out a separate one for each student so that we can more accurately track the data by grade level. Students and staff are also surveyed at school so we have input from all three different groups. Thanks so much for your feedback!
