Handicapped parking is just that – for the handicapped, not for a quick in and out, something the handicapped can't even think about doing.

Many able bodied people are using parking spaces that are meant for disabled persons. This is wrong and shows no respect for those who really need to be closer to the building.

Please be respectful of others as well as concerned for the safety of our students when parking at school. Please park in designated parking spots.

ZPS Parent Survey

Parents, as part of our school improvement process we need feedback from you on a yearly basis to help us identify areas we can improve in as a school. We are hoping you will take a few minutes to fill this out. This year it's a very short survey and will only take a few minutes. If you have multiple students, please fill out a separate one for each student so that we can more accurately track the data by grade level. Students and staff are also surveyed at school so we have input from all three different groups. Thanks so much for your feedback!

THANK YOU
